Benjamin Dziobek is the founder of Climate Revolution Action Network (CRAN). Since its inception in 2024, the group has grown to become New Jersey's largest Gen Z political advocacy group. Led by a team of young activists, CRAN advocates for the state to take action and address climate change and a range of environmental policy issues like renewable energy, environmental justice and affordability. It mobilizes citizens to testify before the state government, and lobbies for legislation that would require fossil fuel companies to help cover the costs of climate-related damage in New Jersey. Ben is a lifelong environmental justice organizer dedicated to building youth power and advancing bold, equitable climate solutions.

Dr. Laura Grego is a senior research director in the Global Security Program at the Union of Concerned Scientists. A physicist by training, she works at the intersection of science and policy on nuclear weapons, missile defense, and space security issues. She is an associate editor for the journal Science and Global Security, and a Fellow of the American Physical Society and was awarded its Leo Szilard Lectureship Award in 2023. Dr. Grego earned a PhD in experimental physics at the California Institute of Technology and a bachelor of science degree in physics and astronomy at the University of Michigan.

The Rev. Dr. Karen Georgia A. Thompson is the General Minister and President and the Chief Executive Officer of the United Church of Christ. Rev. Thompson is the first woman and first woman of African descent to serve as leader of the denomination. She was elected at General Synod 34 in 2023. She is a writer, poet and theologian who has contributed to numerous publications. Her book of poetry, Drums in Our Veins, was published in 2022. Painting Rainbows with Raindrops, her second book of poetry, is pending publication.

Congresswoman Bonnie Watson Coleman will be retiring after serving six terms in the United States House of Representatives, the continuation of a career in public service advocating for the needs of New Jersey families and the equitable treatment of all people. The first Black woman to represent New Jersey in Congress, Watson Coleman is a member of the Appropriations Committee and Budget Committee, as the Chair of the Democratic Caucus's Task Force on Poverty, as a House Democratic Deputy Whip for Policy, and serves as a member of the Congressional Progressive Caucus's Executive Board.

Use conference registration form to also RSVP for reception honoring Rep. Watson Coleman!

CFPA's 2026 Peace Voter Guides for General Election to View/Share!

CFPA began our **Peace Voter 2026 Campaign** in February by offering **Candidate Briefings** on our issues by CFPA experts and organizational leaders. Eleven candidates in our targeted races accepted our offer, and expressed sincere, even enthusiastic, gratitude for them.

The Briefings were followed up by **Candidate Questionnaires** being sent to 22 major party candidates in four contested primaries: **Congressional Districts 2, 7, and 12 in NJ; and District 1 in PA (Bucks County)**. To date, 13 candidates completed and returned the questionnaire, from which CFPA created Peace Voter Guides.

Based on those responses, CFPA is pleased to present **Peace Voter Guides** for the November General Elections. Please click the Peace Voter icon on the top right of CFPA's web site, **peacecoalition.org**, and see the Peace Voter Guides as well as the candidates we briefed below that.

What can you do? Forward the Peace Voter Guide to voters in the appropriate districts, as quickly as possible. We need your help to educate peace-oriented voters in those races **by Nov. 2!**

Look for the Peace Voter 2026 logo on the right side of the screen at **peacecoalition.org** for the most up-to-date info and our shareable Peace Voter Guides!

INTRODUCING!

STUDENT CHANGEMAKER NETWORK

Helping young leaders turn ideas into meaningful action.

Scan QR code or visit peacecoalition.org and look for the SCN logo to find out more!

The Student Changemaker Network (SCN)

is a new initiative of the Coalition for Peace Action designed to connect young people with the skills, relationships, and opportunities they need to turn the things they care about into meaningful action.

This first phase is an opportunity to learn alongside young people and our community partners, build relationships, and discover what makes SCN most useful and meaningful. We're building this together and we're excited to see where it leads!

The Student Changemaker Network is a project of Coalition for Peace Action.
